

## Five Synthetic Oil Factories Are Attacked

Continued from Page One

Authoritative sources said the big factories may prove the most crippling blows delivered to the Nazi war machine since the capture of the German campaign against Russia's Caucasian oil fields.

The five synthetic oil plants were believed to have been produced by the bulk of the fuels on which the German army and air force have been waging war in recent months.

Meanwhile, war upon wave of R.A.F., Dominion, and American tactical bombers rocketed across the channel throughout the morning to carry the pre-emptive offensive against Germany's West Wall into its 20th straight day.

R.A.F. and R.C.A.F. heavy bombers, up to 300 strong, opened the assault shortly after midnight with blackboard raids on German invasion defences and railway centres in France and Belgium.

**GIANT EXPLOSIONS**

A British United Press observer at Folkestone, on the English coast, reported the area was shaken by three tremendous explosions in the Boulogne-Folkestone area, the like of which was never before heard on "Heilzeit Corner."

Seventy had the R.A.F.-R.C.A.F. night bombers returned to their bases when hundreds of Allied day fighters were sent to continue their offensive.

## Plan Convert Army Centre For Returnees

Continued from Page One

Rehabilitation programs for men and women of the armed forces were being featured at a conference for war industry and non-war industry officials. Training for new classes will be completed by the end of the year.

**RECEIVE TRAINING**

Already 83 returned military personnel including a number of women are receiving training at different vocational centres in various provinces. Former war industry training centres are being utilized for this purpose as well as business colleges and trade schools under the rehabilitation program.

Alberta alone, 125 returned members of the services are taking vocational training and one quarter of these are women.

Mr. Thompson said he was also interested in discussing with Alberta officials the possibility of establishing a ship and aircraft repair plant, which would contribute toward the cost on a 50-50 basis with the provinces but on the case of service personnel the Dominion bears the whole cost.

Legislation allowing the province to take part with the Dominion in the training of apprentices has been passed. Alberta, Saskatchewan and Manitoba have New Brunswick.

## Ace Reconnaissance Flier Now Missing

LONDON, May 12.—(CP)—Wing Commander Adrian Warburton, decorated reconnaissance flier in the R.A.F., and known to his comrades as "the silent warrior," reported missing. Warburton, 36, was the D.S.O. and bar, D.F.C. and two bars and the American D.F.C. His photographs, frequently taken in aerial action, were shown to Allied forces, having saved many Allied lives, according to an official report.

## Allies Launch All-Out Attack On Italy Front

Continued from Page One

order of the day "that we can and will destroy the German armies, and the enemy knows that the Allied forces will eventually overrun him from two directions."

Allied casualties were described as "light" in the first phase of the all-out offensive.

**ROUND UP PRISONERS**

By afternoon the United Nations forces regrouped and reinforced for the resumption of the march on Rome, which was rounded up a number of prisoners. Among them were members of the Nazi first parachute division, taken into action north-west of Cassino.

The highest Allied air force ever to support ground operations has been the German positions along and behind the German battlefront. The Allies have been able to take all types down over throughout the day.

The opening of the southern offensive, breaking a three and a half day stalemate in the last two days of the offensive, has been the German positions along and behind the German battlefront. The Allies have been able to take all types down over throughout the day.

Next of the schedule were the British, Dominion, American, French, Polish and possibly Italian forces, which were actually attacking the German positions along and behind the German battlefront. The Allies have been able to take all types down over throughout the day.

The offensive opened with a barrage of almost two hours by the greatest concentration of artillery ever employed in the Mediterranean. The batteries in the German line in Egypt in October, 1942.

For the first 40 minutes, the German positions along and behind the German battlefront. The Allies have been able to take all types down over throughout the day.

Allied bombers joined in the assault, dropping bombs on the German positions along and behind the German battlefront. The Allies have been able to take all types down over throughout the day.

Infantry advances were made by the German positions along and behind the German battlefront. The Allies have been able to take all types down over throughout the day.

Even before the barrage had lifted, tens of thousands of German soldiers were advancing across rivers and through the German positions along and behind the German battlefront. The Allies have been able to take all types down over throughout the day.

On the Eighth Army front, which had been extended southwest to a point about Cassino, British Empire and other troops advanced out from their positions along and behind the German battlefront. The Allies have been able to take all types down over throughout the day.

After "H-hour"—raced a half mile to the Rapido river and launched their attack on the German positions along and behind the German battlefront. The Allies have been able to take all types down over throughout the day.

The offensive apparently did not break the German positions along and behind the German battlefront. The Allies have been able to take all types down over throughout the day.

After the war, the German positions along and behind the German battlefront. The Allies have been able to take all types down over throughout the day.

After the war, the German positions along and behind the German battlefront. The Allies have been able to take all types down over throughout the day.

## DC-4 Transport Plane Favored By Beaverbrook

By R. T. RICHARDSON  
Edmonton Bulletin Ottawa Bureau  
OTTAWA, May 12.—(CP)—Canadian authorities at the Douglas "DC-4" transport plane for post-war use on domestic trunk lines operated by TCA has won approval from Lord Beaverbrook, British lord privy seal, and former aircraft production minister.

This was disclosed in a private letter received by Lord C. D. Howe, Minister of Transport, who read the letter to parliament after the Progressive Conservative opposition insisted that he table it, because he had referred to it. Mr. Howe did not table the letter, but its contents were left on the record.

**STRONG CONDEMNATION**

Choice of DC-4 earned strong condemnation from Premier George Drew of Ontario, and others when it was announced last March 31.

Mr. Howe also said Canada would continue to press its proposed international air transport convention, but not presented to other nations, despite Beaverbrook's opposition.

It was he had presented it to the Americans recently at aviation talks in London, he said.

It is proposed to refuse carry the higher interest rates, and the average rate for 1944 is approximately 10 per cent.

In his report Mayor Fry pointed out the following disadvantages: The proposed loan continues to require payment of principal and interest in either United States or Canadian funds, at the latter's option.

The rate of exchange this would mean 11% on the annual interest payments. This would have been very onerous for the city during lengthy periods in past years, but it is estimated that the refinancing plan calls for the first four years and that the rate of interest is being reduced from 6.5 per cent to 5 per cent.

Another disadvantage pointed out by Mayor Fry was the payment of duplicate interest on the period of one and one-half months. This cost the city approximately \$70,000.

The duplication of interest is caused by the U.S. Securities Exchange Commission insisting that the new loan be paid out of the old loan.

He pointed out also that when negotiations were begun a price of \$100 per cent was indicated. The basis of discussion by the underwriters, but unfortunately, the recommendations of the committee, which would evolve standards seeking to eliminate economic competition with the city.

He also pointed out that the city's financial position is not as strong as it once was. The city's financial position is not as strong as it once was.

## United States Bonds Outstanding To The Year 2031

Commissioner Hodgson points out that this is a larger question than is being asked by the public, but that the municipal bond market has weakened since the war.

Within the last two weeks, supporting this statement, he gives quotations on municipal bonds: March 1, 1.85 per cent; April 1, 1.85 per cent; May 1, 1.85 per cent.

He listed the following advantages to the city from the proposed refinancing:

1.—The sum to be received by the city is \$1,374,650, which is \$8,811.00 in excess of the sum necessary to be deposited with the Bank of the Manhattan Company for redemption of principal on August 1st.

2.—As the various city accounts which the new bonds to be redeemed, it will be a premium of \$88,811.00, which, under the ruling of the Board, can be retained in New York toward the payment of August 1st.

3.—Additional \$1,192,702.00 to U.S. Canadian and British bonds, which the new bonds to be redeemed, it will be a premium of \$88,811.00, which, under the ruling of the Board, can be retained in New York toward the payment of August 1st.

4.—If the city is able to place the new bonds to be redeemed, it will be a premium of \$88,811.00, which, under the ruling of the Board, can be retained in New York toward the payment of August 1st.

5.—The whole of the new bonds would be paid for by the city's own funds, which would be a premium of \$88,811.00, which, under the ruling of the Board, can be retained in New York toward the payment of August 1st.

6.—The whole of the new bonds would be paid for by the city's own funds, which would be a premium of \$88,811.00, which, under the ruling of the Board, can be retained in New York toward the payment of August 1st.

7.—The whole of the new bonds would be paid for by the city's own funds, which would be a premium of \$88,811.00, which, under the ruling of the Board, can be retained in New York toward the payment of August 1st.

8.—The whole of the new bonds would be paid for by the city's own funds, which would be a premium of \$88,811.00, which, under the ruling of the Board, can be retained in New York toward the payment of August 1st.

9.—The whole of the new bonds would be paid for by the city's own funds, which would be a premium of \$88,811.00, which, under the ruling of the Board, can be retained in New York toward the payment of August 1st.

10.—The whole of the new bonds would be paid for by the city's own funds, which would be a premium of \$88,811.00, which, under the ruling of the Board, can be retained in New York toward the payment of August 1st.

11.—The whole of the new bonds would be paid for by the city's own funds, which would be a premium of \$88,811.00, which, under the ruling of the Board, can be retained in New York toward the payment of August 1st.

12.—The whole of the new bonds would be paid for by the city's own funds, which would be a premium of \$88,811.00, which, under the ruling of the Board, can be retained in New York toward the payment of August 1st.

13.—The whole of the new bonds would be paid for by the city's own funds, which would be a premium of \$88,811.00, which, under the ruling of the Board, can be retained in New York toward the payment of August 1st.

14.—The whole of the new bonds would be paid for by the city's own funds, which would be a premium of \$88,811.00, which, under the ruling of the Board, can be retained in New York toward the payment of August 1st.

15.—The whole of the new bonds would be paid for by the city's own funds, which would be a premium of \$88,811.00, which, under the ruling of the Board, can be retained in New York toward the payment of August 1st.

16.—The whole of the new bonds would be paid for by the city's own funds, which would be a premium of \$88,811.00, which, under the ruling of the Board, can be retained in New York toward the payment of August 1st.

## Total Loan \$1,374,650.00—Set-Up Shelved By King Speech

Sales in Edmonton Thursday fell sharply below the \$500,000 mark needed to bring the city to the achievement of the Fifth Victory Loan, which was set up by the present loan was purchased by \$500,000 in the first week of the sales since the start of the campaign to \$4,523,850, or 88.8 per cent of the \$5,000,000 minimum.

It was reported by loan headquarters that the city's sales reached 92 per cent of its \$5,000,000 minimum on Thursday. The average percentage of unit sales achieved throughout the province is 108.62.

OTTAWA, May 12.—(CP)—Canada's Sixth Victory Loan sales today reached \$1,374,650, and with two days remaining still had \$1,374,650 to go to reach the \$5,000,000 objective.

Today's total was about \$8,800,000 above the total for the \$5,000,000 on the corresponding day of the first campaign, but yesterday's sales of \$8,811,000, which was \$8,811,000 below the 10th day of the previous drive.

Individual Canadians made a good showing in yesterday's sales, with sales amounting to \$23,200 making it the highest consecutive day in which the total of purchases by individuals was over \$200,000.

Individual buyers made a good showing in yesterday's sales, with sales amounting to \$23,200 making it the highest consecutive day in which the total of purchases by individuals was over \$200,000.

A highlight of yesterday's reports was the announcement by the Canadian National Railways that the total purchases of Victory Bonds by the company's employees and personnel reached \$250,000.

The armed services' combined figures show grand totals of \$439,000 for the Canadian Forces, \$439,000 for the Royal Canadian Mounted Police, and \$439,000 for the Canadian Air Force.

The B.Y.U. Division reported that the total purchases of Victory Bonds by its members and their families reached \$23,200.

## District News in Brief

### Heavy Snow Storm Visits Duffield

**DUFFIELD**—An unusually heavy snow storm which fell in this area, May 8, should disperse farmers' dread of drought, as plenty of moisture will be supplied. It will no doubt help the local fire situation, and clear away the smoke pall which has been so heavy. At a box social and dance held in Highvale, the sum of \$83 was raised in aid of the Leonard Island family of Wabamun, who lost their home by fire. Miss Esther Ferguson, of Stony Plain, is teaching at White House school due to the illness of the regular teacher, Mrs. Ernest Scheidegger. Children thieves are at work here. Mr. and Mrs. Mike O'Sullivan lost about 40 of their laying hens. Mr. and Mrs. Hank Klauer were visitors to Redvale and Breton. Recent visitors to Edmonton include Mrs. H. J. Schweizer and daughter Mavis, Henry Scheidegger, Fred Storteen, Albert Hepp, Mrs. Carol Selover, Julius Osterbauer, Polly Shabuk and Roy Wright. Mrs. Trebell is a business visitor to Stony Plain.

YOU'RE IN THE ARMY NOW

Clifford Osterman of Peers, visited friends and relatives over the weekend. Mrs. Ella Schwabe has returned from Ellerslie. Mr. and Mrs. A. L. Tyrrell, and children, Lance and Heather, spent the weekend in Red Deer and Lacombe. Miss Violet Ogger of Edmonton was a visitor to Highvale. An old time lumberman and farmer, Charles Cropley, of Greenlee, was buried in Edmonton. He leaves a son, Bruce, and one daughter, Ellen and his sister, Mrs. Clara Bennett of Keeshville. His wife predeceased him several years ago. Mr. Cropley came to this district in pre-war days when freighting was done by pack pony and team, and Walters steamboat plied the Saskatchewan river.

### With Those In Uniform

**LACOMBE**—Lt. J. G. Jackson of Vernon, B.C., and Coder E. Jackson of Halifax, spent several days here with Mr. and Mrs. Jackson. Cpl. J. H. Morrison, R.C.A.F., has arrived home for a furlough with his family. Norman Campbell and Arnold V. Smith have joined the Canadian Air Force.

**STETTLER**—LAC. Geoffr. Armistage and LAC. Paddy Stephenson of the R.A.F. at Pembroke spent the weekend in town. Tommy Handyside, R.C.A.F., was a visitor with his sister, Mrs. J. Chapman.

### Gleaned From Rural News

**EDSON**—The Anglican Bishop of Edmonton, the Rt. Rev. W. F. Barfoot, last Sunday, dedicated carved oak Reredos and table to the memory of the late Frank Charles Glover, who was organist and choir master of St. Catherine's Anglican Church, Edson, for more than 30 years. Representatives of the Masonic Lodge, Canadian Legion, and the Red Cross of which he was an active member were present. The Edson Community club held a raffle of a hand made "snowflake quilt" which netted \$82.50.

**STETTLER**—Dr. L. H. Wright, president of the Red Cross, called a meeting to discuss the possibility of having the blood donor mobile clinic visit the Stettler district. The following committee was appointed to make necessary arrangements: The Rev. G. Parrott, William Anderson, R. Tupper, A. McCready, Dr. McCallum, Mrs. A. E. Morrison, Mrs. A. Lincoln and Mrs. J. O. Galbraith. O. R. Wilson, secretary for the sale of War

Saving Stamps in town, reported that last Saturday, May 6, the Miss Canada girls had a record day, selling 2500 worth of stamps.

A by-law was passed, at the last meeting of the Stettler Municipal District, providing for the purchase of 10,000 of the Sixth Victoria Blackpool, England, of Miss Constance Clark, of South Shore Blackpool, and W. Lawrence H. Bertrand of Botha. The ceremony was performed by the Rev. J. C. Fordham of Holy Trinity Church.

**SANGUDO**—A funeral service was held from the Sangudo United Church on Tuesday, for Mrs. Ellen Korber, wife of George W. Korber, who died in Edmonton, a Morgan Saturday. The Rev. A. H. Morgan officiated. Mrs. Korber was born in Nebraska in 1884. She and Mr. Korber were married at Bern, Kansas, in 1902. They came to Alberta in 1912, living for two years in Edmonton and coming to this district in 1914. For the last few years Mrs. Korber has been government telephone agent at this point. She was a member of the Red Cross, a Red Cross volunteer, and a member of the Red Cross of which she was a member. She was also a member of the Red Cross of which she was a member. She was also a member of the Red Cross of which she was a member.

**Lacombe Forwards Big Egg Shipment**

**LACOMBE**—First carload of eggs, 38,000 dozen, has been shipped to Calgary from here. The eggs will be processed into powdered eggs for shipment to Great Britain. Final contributions received in the Red Cross campaign in this community has brought the total to \$4,100 which is \$600 over the quota set for the town.

T. H. Freedman has left Winnipeg where he will be present at a family reunion at the home of his parents, Mr. and Mrs. N. Freedman, later he will visit Toronto and later by plane. Mr. and Mrs. E. J. Edgington have returned home after a trip to the coast and the island of British Columbia. He is a resident of Santa Barbara, Calif. has arrived for a visit with his son-in-law and daughter, Mr. and Mrs. George Brooks. Mr. and Mrs. Frank Fawcett have returned to Vancouver after a visit with Mr. and Mrs. W. N. Fawcett. Mrs. H. Pooch and daughter Patricia have returned from Armstrong, B.C. where they visited relatives. Mrs. W. Sage has left for Winnipeg where she will be with Mr. and Mrs. Don McFadden. Mrs. J. Clash of Edmonton was a recent visitor in town.

## State Medicine Report Adopted By City Leagues

Essential features to be considered in planning any state medicine system for Alberta were outlined to the Edmonton Federation of Community Leagues yesterday night by Dr. C. B. Willis, chairman of a committee recently appointed to conduct a study of requirements and draft definite recommendations.

The committee was appointed on the request of Hon. Dr. W. W. Cross, provincial minister of health, who solicited definite proposals for a system of service for the low-income group only, he said. Dr. Willis' report was adopted by the Federation and will be submitted to Dr. Cross.

A letter from F. H. Drayton, superintendent of the Children's Aid Department, asking that the federation give all possible support to newly organized city-wide fastball league was read. A motion by G. Bowen, that this be done, was carried.

Plans for the league were reported to be fairly well under way, and it was pointed out that each member would receive a free ticket to ball games in Renfrew park and to the Friday night fastball games at the Kingsway ball diamond. "This should be some inducement for boys up to 18 years to join the league," said Mr. Bowen.

Jasper Place Community league is sponsoring a sports day on May 24, and the main feature will be the fastball competition.

Ben Hager made a motion that each individual league send a petition to the city council voicing its approval of the Town Planning Commission's recommendation regarding the creation of neighborhood parks, as outlined by Professor C. S. Burgess.

**CALL IN TROPHIES**

It was announced that all trophies would be called in and given to Percy Cowley, president of the federation, until the meetings are resumed in the fall and a custodian is appointed.

Mrs. W. T. Rice said that the carnival committee had purchased a \$200 Victory bond in the recent drive and that the Eastwood Community League had bought a \$100 bond.

The meeting was adjourned for the summer recess.

Percy Cowley was chairman.

## Plan Extensive Survey Activity In North Areas

A large number of geological parties will carry out extensive surveys in Northwest Canada this summer. It was announced Thursday by Major General W. W. Foster, C.M.G., D.S.O., V.D., special commissioner for defense projects in Northwest Canada.

The parties are being sent out by the Dominion department of mines and resources to "make an intensive survey this year of the potential resources of the area and to determine how projects completed for war purposes will be of service to general development."

General Foster said that about six parties will go into the Mackenzie river district and several other parties will work in the Yukon territory.

It was announced last week that the U.S. government was withdrawing from any further oil exploration in this area.

**PARTIES IN B.C.**

In addition to the parties being sent out by the Dominion government the British Columbia provincial government is sending survey parties into northern B.C. for general survey work. It was also announced that B.C. is sending a party in to investigate fisheries in the lakes in that province adjacent to the Alaska Highway.

Construction work at three north-bound points on the Northwest Staging Route is getting under way. General Foster stated, and all Canadian civilian labor is being used. As far as available, Canadian labor is also being used in the maintenance of the Alaska Highway.

At the end of April this year 3,000 were employed on all projects. More than 600 are working on the highway and between four and five hundred additional men are required. An additional 1,500 men are needed for construction work at airports.

Individual contractors are employing workers through the National Selective Service. General Foster said that in many cases construction companies are taking over U.S. equipment at northern points and utilizing U.S. camps, giving evidence of the "good cooperation" existing between the two governments.

**Admiral Dies**

**LONDON, May 12—(CP)—**The death of Vice-Admiral Thomas Erskine Wardie, 66, one-time naval aide-de-camp to the late King George V, was announced yesterday. He retired in 1931. As a commodore in class, he was in command of the Royal Australian fleet from 1934 to 1938 when he became a rear admiral. He was advanced to the rank of vice-admiral the year of his retirement.

English-made gloves in the alpine style. "Up-to-the-elbow" style. Size 8 to 9. Pair 1.98

**Sheer Oblong Scarves**  
A gift to remember... soft, sheer scarves with beautiful floral designs on white grounds. 2.50

**Artificial Carnations**  
Wear a red or white carnation in honor of Mother. 15c

Street Floor at The Bay

## "My Boys' Smokes"

As the Canadians moved out of a picturesque English village, nobody admitted it was for the last time. "We'll be seeing you," the Canadians called back. "Surely surely," replied the villagers. In the old-world inn "Auray Fox" picked up the empty packages of Sweet Caps, their favourite cigarettes, and put them on the table as a "remembrance".

This story from the London Daily Express serves to illustrate again that Sweet Caps are indeed first with Canadians over here, over there, everywhere.

**SWEET CAPORAL CIGARETTES**

"The purest form in which tobacco can be smoked"

## Remember It's "Mother's Day" Sunday

## Give Mother a Dorothy Gray Beauty Band Box

Here's a gift Mother's sure to appreciate... a Dorothy Gray Beauty Box containing eight delightful beauty aids as used so successfully in Dorothy Gray Salon treatments.

Special price for limited time only. Regular 3.50, for 2.95

## Flying "Wids" to Instruct Wireless Air Gunners

Seven potential signals officers—the first in the R.C.A.F. Women's Division—have just finished a wireless course at Winnipeg in which each girl logged 12 hours flying time in addition to gruelling ground courses. Now they are off to Toronto, Ont., for an officers' training course. Like any other pioneers, they encountered long hours of hard work lightened by odd adventures and amusing situations. But they have acquired a rich fund of signals knowledge to fit them for their new jobs—instructing wireless operator air

gunners who will carry the war to Germany. Decked out in flying togs and shouldering their own parachutes, six of the girls are shown swinging jauntily across Stevenson Field, Winnipeg, after their last training flight. Left to right, they are: Nell Ross, Vancouver; Mary Gordon, Toronto; Louise McClair, North Rustico, P.E.I.; Betty Dowler, Pidgeon Lake, Alta.; Dorothy Winter, Regina; and Patricia Annand, Truro, N.S. Seventh member of the class is Alma Lauer, Rosthern, Sask.

—R.C.A.F. Photo

## "Anywhere—Anytime—Anyhow—Bar Nothing"

Helmets worn by U.S. second front division forces in England bear the significant letters, "A.A.O.", with a bar, which stand for "Anywhere, Anytime, Anyhow, Bar Nothing."

The U.S. army troops in training somewhere in England are shown being inspected by Prime Minister Winston Churchill, who recently made a cross-section review of the entire U.S. army invasion forces.

## Held Girls

Mrs. Fay H. Smith, held in Tulsa, Okla., while police investigate charges of two women that Mrs. Smith held them in virtual servitude and "under starvation conditions." They believed they were performing a religious duty, they told police.

## Gallant Gesture

When Navy Seabees on Bougainville Island named one of the roads they built "Marine Drive Hi-Way" in honor of the Marines who seized the ground from the Japs, the leathernecks responded by composing a new verse for the famed Marines' Hymn and displaying it on the roadside billboard pictured above. Shaking hands in front of it are Chief Boatwain's Mate Earl J. Cobb, left, of Manitow Beach, Mich., and Marine Cpl. Charles L. Marshall of St. Joe, Ark.

## Soldier Hair-Do

This breezy coiffure along the "Indian-warrior" lines is worn by a coast guardman on duty on an assault transport in the South Pacific.

## Returns

Una Merkel, screen star, has recently returned from a tour of the South Pacific, where she was entertaining a servicemen. She holds a ring made from a piece of a Jap zero given to her by a pilot in New Guinea.

## Was Called "Witch"

18-year-old Kae Carol, called a "witch" by the Arabs, saw the young vendor and her partner, during her 50,000-mile show tour that took her to North and Central Asia, the Persian Gulf and Miami.

## "O" For Orange—Indestructible Lancaster

Crew of the "O" for orange, indestructible R.A.F. Lancaster, which has made 60 operational trips over enemy territory, stand beside their plane, riddled with cannon holes after a raid over Leipzig. Left to right, front row: Pilot Officer J. F. Brown, wireless operator, Quebec City; Sgt. R. E. Pearson, mid-upper gunner, Burnley,

Lancashire, England; Flying Officer J. Horner, navigator, Blackpool, England. Back row: Flying Officer J. S. Lee, pilot, Chilliwack, B.C.; Flying Officer W. Boden, bomb aimer, Isle of Wight; Flight-Serg. E. T. McLeod, rear-gunner, Saint John, N.B., and Sgt. C. H. Brown, flight-engineer, Burton-on-Trent, England.

## Vesuvius Angry

A huge cloud of smoke rises from Mount Vesuvius, at the famed Italian volcano erupts on March 20, releasing a flow of hot lava onto nearby villages and countryside. A portion of the city of Naples is in the foreground.

## Saved His Master

Just plain dog, "Spot" led a rescue party to a barren hill near Columbus, O., where his master, Paul McCoy, five, missing 24 hours, lay unconscious in a cold rain. Here, Spot visits the boy in hospital.

## Orphan R.C.A.F. "Goose" Squadron Adopted by Kingsville, Ont.

"Goose" squadron overseas will be Kingsville, Ont., when plans to adopt it materialize. Alice McCullum has

Jack Miner, famed naturalist who has provided a sanctuary for thousands of geese at Kingsville, with Mayor Fred Graham and R. J. Voakes

looks over bird bands that have been returned. In addition to supplying a mascot, Kingsville is preparing to provide a goose dinner for the "Goose" squadron at Christmas.

## C.P.R. Gun Plant in Foothills Aids Atlantic Convoys

Three thousand, four hundred and thirty-eight feet above sea level and 2,600 rail miles from the Atlantic seaboard, the Canadian Pacific Railway's Ogden Shops in Calgary provides an outstanding example of the switch-over of the entire C.P.R. system from peace to war. Naval guns made there, at one of the approaches to the Rocky Mountains, have played, and are playing, their part on those other celebrated approaches — the Atlantic approaches to the Old Country — over which supplies for the fighting fronts have to pass. The 12-pounder gun, inset on the left, in this picture of men at work finishing gun barrels in the great foothills work centre, is a sample of the type of ordnance turned out at Ogden Shops, which now is preparing to go into production on its fifth type of naval gun mount. British, Canadian

and American sea services all have shared in the ordnance turned out to fight against Hitler's underwater killers. Ogden Shops' floor space of 235,000 square feet, full overhead crane service and geographical location first convinced the Department of Munitions and Supply and its advisers that the Calgary shop was an ideal place to turn out the naval guns and a request was made for its use late in the fall of 1940. To make way for the navy work the shops had first to be cleared of the major locomotive and mechanical repairs it normally handled for the C.P.R. from British Columbia, Alberta and part of Saskatchewan, with this repair schedule of vital importance in itself to war freight and passenger movements. Heavy repairs now go to Winnipeg and in some cases as far as Angus Shops in Montreal and light repairs to smaller local repair shops.

## Says Juvenile Crime Problem Is Exaggerated

The problem of juvenile delinquency has been somewhat exaggerated with resultant harm to the juveniles themselves, said W. T. Allen, superintendent of the Child Welfare Board for Alberta, said Thursday.

Actually, he said, there was a decrease in juvenile delinquency in 1943 as compared to 1942. In 1942, he said, the total number of delinquent children appearing before a judge of the juvenile court in Alberta was 807 as compared to 912 in 1942. Of these, he said, 289 were from Edmonton and 232 from Calgary.

### EFFECT OF DISEASE

In an address before the Optimist club at its regular weekly luncheon meeting at the Macdonald hotel, Mr. Hill pointed out that juvenile delinquency is the effect of a social disease.

It can be cured only by curing the main cause, he said, and the main cause is lack of proper co-operation between the three basic units in society—the home, the school and the church.

In outlining the various features of the new Child Welfare Act of Alberta, Mr. Hill discussed the Child Welfare Act itself, juvenile courts, adoptions, and children of Unmarried Parents Act.

As far as adoptions are concerned, Mr. Hill said that as far as he knew, Alberta is the only province in Canada that gives an adopted child the same rights as other children.

### ISSUE CERTIFICATE

An act passed last year, he said, provides for birth certificates to be issued for adopted children, showing the child as the natural offspring of its adopting parents.

"There is no difference in the birth certificates of an adopted child and others," Mr. Hill said.

He said that 438 children were placed in foster homes in 1943, 321 of which were children under one year of age.

A commission is appointed to administer the Child Welfare Act, he said, and at the present time is planning to expand its activities, hoping to add two child welfare workers to work in the northern and southern parts of the province.

Mr. Hill was thanked on behalf of the Optimist club by Frank Richardson, Norman Perry was chairman in the absence of president B. G. Ayles.

### Submits Notes

WASHINGTON, May 12.—(AP)—President Roosevelt submitted to the Senate for its approval yesterday text of notes exchanged between the United States and Canadian governments, amending a 1907 treaty, to permit adoptions of children of waters of the Niagara river, above the falls during the war.

## To Preside

W. Paddy Griffin, who will be in the chair at a meeting of the Canadian Legion, to be held Sunday next in the Scots Assembly hall, White Avenue, starting at 2:30 p.m. The meeting is arranged in order to hold an election of officers for a South Side post of the Legion. All South Side members of the Edmonton branch are urged to attend.

## Minister Plans To Visit North

R. E. Ansel, M.L.A., chairman of the Social Credit board accompanied by Hon. W. A. Falow, minister of public works, will leave next week for the north. They are to address a number of meetings including one at High Prairie.

David Ure, Social Credit M.L.A. for Red Deer is also scheduled to address a series of meetings in the Peace River district. Mr. Ure's schedule is as follows, for afternoon and evening meetings respectively: May 16, Dispersville, and North Star; May 17, Three Lakes and Peace River; May 18, Fredonia and Fairview; May 20, Golden Meadow and Whitley.

Edmonton Airman On Boulogne Raid Reports Explosion

By ALAN RANDAL

LONDON, May 12.—(CP)—For the second night in a row, heavy bombers of the Canadian group of the R.A.F. bombardier were assigned one target to pulverize in the current campaign to smash communications needed by the Germans for invasion defense. The Canadian planes attacked Boulogne railway yards last night.

Sgt. Martin Dunman, Edmonton, reported seeing illuminated flames light up the target well and there was one big explosion from which flames shot 1,000 feet into the air and lit the sky for miles.

## Buses Must Have First Aid Kits

All passenger buses in the province must be equipped with emergency first aid equipment according to an order recommended by the highway traffic board. It was announced Friday by W. T. Allen, secretary. The order is to take effect July 1.

It is expected that this action of the board will be followed by an order-in-control by the provincial government which will clear the way for the new regulation becoming operative.

Suggestion that all buses should be equipped with safety aid equipment in case of emergency was made some time ago. Some bus lines were equipped in this manner previously.

Under the new order all passenger buses in the province of which there are 130 will have to carry minimum safety equipment No. 2, required under the Workmen's Compensation Act.

Some other provinces have included bandages of varying sizes, ointment and other needs for an emergency in addition to a safety manual for the guidance of operators.

Canadian Bombers Hit Railway Yards At Ghent, Belgium

By ALAN RANDAL

LONDON, May 12.—(CP)—The railway yards of Ghent, Belgium, received a heavy pounding from an all-Canadian bomber force yesterday as Canadian airmen continued to take a prominent share in the non-stop blasting of Hitler's Europe.

There were no figures available on the tonnage dropped but the Canadian group sent enough planes over the target with enough bombs to rank this Canadian segment of the R.A.F.'s overnight operations as a major raid in itself.

The Canadian heavyweights took advantage of the darkness to whip across the channel and back without losing a plane and without an alarm being harmed.

Fires Set on Truck In Raid by Heavy American Bombers

ADVANCED ALLIED HEADQUARTERS, New Guinea, May 12.—(AP)—Heavy bombers from the Solomons set fire on Japan's naval base of Truk in daylight Wednesday and other planes pitted with craters the runway of Woleai in the western Carolines Tuesday, head-quarters reported today.

The heavyweights over Truk pressed their attacks against a defense of 20 Japanese fighters. One American bomber was shot down. At Woleai, 225-4 mile miles miles of Truk, there were two attacks Tuesday, one by day and one by night. Twenty-eight tons of bombs were dropped in the midday attack.

## Missing

Lt. Kenneth R. "Scotty" Sutton, R.C.N.V.R., well-known in Edmonton athletic circles, who has been reported missing in action according to word received from Canadian naval headquarters, by his parents, Mr. and Mrs. R. P. Sutton, 1226 Wadhurst road.

Edmonton Member R.C.N.V.R. Missing

Prominent Edmonton athlete, Lt. Kenneth R. "Scotty" Sutton, R.C.N.V.R., son of Mr. and Mrs. R. P. Sutton, 1226 Wadhurst road, has been reported missing, according to word received from Canadian naval headquarters.

Lt. Sutton is 25 years old. An older brother, Flt.-Lt. Harold Sutton, D.F.C., was reported missing after air operations overseas last July. Another brother, Robert, is serving with the R.C.A.F.

Lieutenant Sutton enlisted in the navy in Edmonton more than three years ago and served at Halifax and Newfoundland before going to sea. His first went overseas in October, 1942.

Well-known in Edmonton for his sports activities, he came here with his parents from Fort William and attended Garneau high school where he played rugby, hockey and baseball. He was a member of the Glenora skating and tennis club and played hockey in the Edmonton junior league with the South Side in 1937-38.

At the time of his enlistment he was in his second year at the University of Alberta where he was studying geology. His wife and young son live at 10139 118 street, when stationed in Newfoundland for 18 months. Mrs. Sutton resided with him. Mrs. Sutton's brother, Flt.-Lt. J. Stierne, D.F.C., was reported missing recently.

Roy S. Lee, M.L.A. for Taber, and Fred Anderson, M.L.A. for Calgary, were in Edmonton Friday conferring with officials at the Legislative buildings on constituency business.

## Find Automobile In Road Ditch

City police Friday were investigating the case in which an auto, said to have been left at an Edmonton garage for overhauling, was taken from the garage premises and later found in a ditch at 59 avenue and 104 street, early Monday morning. The report was handed to city police by the owner of the car on Thursday, after she had learned through her son that the auto had been damaged.

Police were told by the garage proprietor, John Pollard, 8111 104 street, that the stolen vehicle had been found upside down in the ditch, with windows at front and rear being smashed, as was one wheel and fender, to the extent of approximately 90 per cent.

Mr. and Mrs. Alex Arndt, 5615 104 street, told police that they had heard a crash shortly after midnight Sunday. Upon investigation by the former, it was found that the car was in the ditch, but that there was no one around it.

Germans Claim Captured Yanks Are "Trauculent"

LISBON, May 12.—(AP)—A Bucharest dispatch to the Hungarian Fremdenblatt says that American airmen who parachuted during a recent bombardment of the Romanian capital had an "extremely provocative attitude."

The German newspaper story said "this was particularly noticeable among the captured Americans who were accused, after the raid, through the most heavily devastated residential districts and were shown what misery they inflicted on the civilian population. On this occasion some pilots behaved so truculently that police had to protect them from physical violence by the outraged populace."

Gable to Become Gunner Instructor

WASHINGTON, May 12.—(AP)—The Washington Star said yesterday that Capt. Clark Gable, the actor, soon will be assigned as an aerial gunner instructor at the army air force technical school, Denver. The paper said that during his recent tour of duty in Europe, Gable studied aerial gunnery as well as photography.

A decree absolute of divorce was granted in supreme court Friday by Mr. Justice W. R. Howson to Mr. C. Pringle, from Frederick Pringle.

## Back Home

Flt-Sgt. Lorne McMillan who has arrived home after serving with the R.C.A.F. overseas. He was educated in the Calder Public and Technical schools and joined the R.C.A.F. in July, 1942. He trained and graduated as an air-gunner and then went overseas. A brother, PO Malcolm McMillan and also a sister, A.W.I. Beatrice McMillan are serving with the R.C.A.F. overseas. He is the son of Mr. and Mrs. Max McMillan of 1227 127 street.

9-Year-Old Girl Shot by Brother

Nine-year-old Elva Stahl, daughter of Mr. and Mrs. Henry Stahl, farmers of the Edson district, died early Tuesday morning as a result of a gunshot wound received from a .22 rifle in the hands of her 8-year-old brother, Jack, according to information received by R.C.M.P. here Friday morning.

The Stahl family live about five miles northwest of Edson, and the parents were said to have been absent when the shooting occurred.

The little girl was taken to St. John's hospital, Edson, where she died at 12:35 a.m. Tuesday.

After investigation by R.C.M.P. of the Edson district, together with a coroner's inquiry, it was decided no inquest would be held.

An appeal by Mike L. Vivaldi against conviction on a charge of being a frequenter of a gaming house was dismissed in district court Friday by His Honor Judge J. P. McIsaac.

## Before the Magistrate

Continuing the case which began before Magistrate A. I. Miller, K.C., Thursday morning, six persons charged with being found in a combined city and R.C.M.P. conducted raid, were found guilty Thursday afternoon. William Headley was fined \$25 or 25 days while penalties of \$15 or 21 days were imposed on Harry Morion, Joseph Meziere, Herbert Mayo, Thomas Chisum and Mike Arundel.

Various sums of money, which had been taken from the men at the time of the raid, were ordered returned to the accused. Confiscation only applied to a \$10 bill picked up from the floor together with dice and other paraphernalia found in the raided premises.

"For years we've been driving over the growing without stopping. Sam Juko, Calgary, told Magistrate Harold L. Haver, K.C., in R.C.M.P. traffic court Thursday afternoon. "It is about time we get a scare. He added.

"You have got one now," replied the magistrate imposing a fine of \$5 and costs or seven days on a charge of failing to stop at a railroad crossing.

Penalties of \$10 or 15 days were imposed on J. P. LaGore, Hamilton, W. Edgar, Samuel R. Arnold, all of Edmonton, Henry Gault of Winnipeg, for speeding infractions.

Fines of \$5 or seven days were levied for other Vehicle Act infractions on Alex Szynski, Edmonton; Walter Prokormiak, Beverly; Mike Palichuk, Smoky Lake; Anthony Laguard, Port Saskatchewan, Lesser penalties of \$5 or five days were imposed on Patrick Morn, Coronado, and Archibald Branton, Fort Saskatchewan.

Defence evidence was reserved and disposition of two counts of gross indecency, against Alex Paul Andrew, Edmonton, in the court of Magistrate A. I. Miller, K.C., were withheld until the hearing of all charges had been heard, Friday morning.

Two other charges, making a total of five in all, were also read to the accused. No pleas were taken and the two latest counts, breach of the National Selective Service regulations, were remanded until Saturday morning.

A 21-year-old witness termed conversations with the accused as being "a psychological build-up to make me feel I was queer," and said the accused had spoken of a "type not having any use for girls, but a type where men admired each other."

The witness told of going to work in a country house in 1942 where he was employed as a desk clerk. When he refused to "play ball" with the accused, he was moved out of the latter's room and into the annex, the witness said.

A 19-year-old Edmontonian, in the second case to be heard, told of participating in "unnatural action" with the accused at another Edmonton home.

The case was adjourned at the conclusion of the hearing of the second charge until 2:30 p.m. Guy Patterson, K.C., is acting for the crown, with George H. Steer, K.C., for the accused.

Roy A. McNeill, charged before Magistrate A. I. Miller, K.C., Friday morning with driving an auto while disqualified from so doing, was placed on bail of \$1,000, while his case was remanded until May 16. The above terms were made applicable in a charge of intoxication, at the same time. Pleas were reserved.

Harry Brown, charged with breach of the Indian Act, came to the city from Winterton reserve to see a doctor. The doctor wasn't around, and Harry started to paint the town. He was reminded that he had been convicted for such an offence previously, and was fined \$20 and costs or one month.

## Chamber Studying Letter From C.N.R.

The Edmonton Chamber of Commerce has received a letter from R. C. Vaughan, president of the Canadian National Railways, in reference to the extension of the Macdonald hotel and beautification scheme which has been widely endorsed by civic, fraternal and war service organizations in the city.

The contents of the letter, according to R. T. Rose, Chamber secretary, are being studied by the civic interest committee's sub-committee on beautification and the beautification program.

Mr. Vaughan's comments will be televised at a future date.

## Navy Casualty

OTTAWA, May 12.—(CP)—The Royal Canadian Navy reported today in its 24th annual casualty list of the war the death at Victoria of a 40-year-old Lt. John Daniel McPherson, whose next-of-kin is his wife, Mrs. Elizabeth McPherson, of Victoria.

"A psychological build-up to make me feel I was queer," and said the accused had spoken of a "type not having any use for girls, but a type where men admired each other."

The witness told of going to work in a country house in 1942 where he was employed as a desk clerk. When he refused to "play ball" with the accused, he was moved out of the latter's room and into the annex, the witness said.

A 19-year-old Edmontonian, in the second case to be heard, told of participating in "unnatural action" with the accused at another Edmonton home.

The case was adjourned at the conclusion of the hearing of the second charge until 2:30 p.m. Guy Patterson, K.C., is acting for the crown, with George H. Steer, K.C., for the accused.

Roy A. McNeill, charged before Magistrate A. I. Miller, K.C., Friday morning with driving an auto while disqualified from so doing, was placed on bail of \$1,000, while his case was remanded until May 16. The above terms were made applicable in a charge of intoxication, at the same time. Pleas were reserved.

Harry Brown, charged with breach of the Indian Act, came to the city from Winterton reserve to see a doctor. The doctor wasn't around, and Harry started to paint the town. He was reminded that he had been convicted for such an offence previously, and was fined \$20 and costs or one month.

## GOT MYSELF A REAL WAR JOB!

Newspaper boys are doing "two important war jobs." said President Roosevelt recently—"first in studying to prepare themselves for good citizens in tomorrow's world, and second, in serving as a vital link in the process of news gathering and reporting that makes our people the best informed people in the world."

Ask any carrier salesman about the profits and business experience that he earns while he learns on his route.

The Best Year Round Opportunity for an Alberta Schoolboy... An Edmonton Bulletin Newspaper Route!

Edmonton Bulletin Carrier Salesman Dept.

I want an Edmonton Bulletin route in Edmonton or my home town. Please let me know if one is open and how I can get it.
